

# HOW DO WE END HUNGER?

Feeding Development is a campaign hosted by Devex that looks at how we can reimagine solutions for a food-secure future. As a co-sponsor for the campaign, Chemonics held a week-long Digital Rally event and posed a series of targeted questions on social media asking people to reflect on the broad issue of ending hunger. What did the conversation look like? Check out the results below!

## WHERE WILL THE SOLUTIONS TO END GLOBAL HUNGER COME FROM?

“ The solutions are interlinked, no one solution can unlock the success in this fight, partnerships are key.

@IBZimbabwe

## WHICH OF THE FOLLOWING ACTIVITIES WOULD YOU PARTICIPATE IN TO HELP END GLOBAL HUNGER?

## WHAT IS THE BIGGEST CHALLENGE TO ENDING HUNGER?

## WHAT IS THE BIGGEST OPPORTUNITY FOR ENDING HUNGER?

INCREASED ACCESS TO FINANCE

**TECHNOLOGY AND INNOVATION**

IMPROVED INFRASTRUCTURE AND TRANSPORT

NEW LAWS AND REGULATIONS

**SELF-SUSTAINABILITY AT THE LOCAL LEVEL**

**WOMEN'S EMPOWERMENT**

“ First and foremost is access to water, crops won't survive without it. Secondly innovative techniques and products which enhance sustainable farming methods (in addition to technology, drought tolerant (non-GMO) organic growing mediums).

Jacqueline S. Ambrose

## DO YOU THINK WE CAN END GLOBAL HUNGER BY 2050?
