

CHEMONICS INTERNSHIPS:

Frequently Asked Questions

How many weeks is Chemonics' Summer Internship Program?

10 weeks. The program dates for 2019 are June 4 – August 9.

How many hours per week do interns work?

All positions are full-time. Interns are required to work 40 hours per week.

Where are the internship placements located?

All internships are based in Chemonics' Washington, D.C. or Arlington, Virginia office.

Are internships paid positions?

Yes. All internships are paid.

Does Chemonics offer housing or relocation assistance?

No. Chemonics does not offer housing or relocation assistance to interns. Applicants who accept an internship position are responsible for their own housing and relocation costs.

May international students apply for internships?

Yes. Any student entering their undergraduate junior or senior year or is enrolled in a graduate degree-granting program at an accredited academic institution in the fall and has valid U.S. work authorization may apply for an internship position.

What is the application process?

Applications open in January. Candidates apply to internship pools and select their preferred positions within the pool(s). Candidates should apply to no more than two pools. Select candidates will participate in interviews with recruiters and panel interviews with hiring teams. Internship offers are extended in the month of March.

To apply for an internship position, please visit [Internships with Chemonics](#) in January and click on the link to our [Career Center](#). Only finalists will be contacted.

What types of internship opportunities are available?

Does Chemonics offer any tips on applying for internships?

Yes. Please submit a complete application which includes a résumé, copy of your most recent unofficial transcript, and responses to short answer questions.

- **What we look for in a résumé.** Your résumé should outline your relevant coursework, leadership and volunteer activities, professional skills, and any international experience. Please ensure it is current, and your name and contact information are at the top. Include the start and end dates of each position listed and the languages you speak, with level of fluency.
- **Contact information.** Please provide us with an e-mail address you check regularly.

Does Chemonics offer internship opportunities in the fall and spring?

Internships in the fall and spring are rare and offered based on unique business needs.

Chemonics is an equal opportunity/Affirmative Action employer and does not discriminate in its selection and employment practices. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disability, protected veteran status, genetic information, age, or other legally protected characteristics. Military veterans, AmeriCorps, Peace Corps, and other national service alumni are encouraged to apply.
